# INTRODUCTION

The world-universe is a holographic projection on the screen of Consciousness that plays out within the boundlessness of the ONE SELF.

The ONE SELF has no parts, no divisions of any kind. IT is 'empty-nothingness' with infinite potential. In order for IT to 'know' IT SELF there must be a stage on which this 'infinite potential' can play out and 'appear' to be 'real' so that the ONE SELF can experience IT SELF fully. Its like going to a movie before reading the book ... you don't know what's coming next.

To experience this full immersion into this dream playing out on this illusory stage, the ONE SELF immerses IT SELF fully into 'every' aspect of the illusion and for a season, 'forgets' Who IT Really Is. This is the

‘amnesia’ that most of humanity is experiencing at this moment while IT dwells in a body-mind-identity called ‘me’.

The ‘crumb-tail’ HOME to the full Awareness of Who IT Really Is occurs through an infinity of ‘triggers’ that gain the ATTENTION of the sleeping giant IT ‘is’. The mind, this false-self-me-ness, experiences these triggers as ‘suffering’ to some degree [great or small] and eventually, satiated after the eons of riding the roller coaster of happiness and sorrow within this Grand Dream, falls to its knees in surrender and the turn ‘within’ begins.

This SHIFT of ‘attention’ from the dream to the unknown draws the wandering and sleeping ONE SELF back HOME to IT SELF. Some refer to this as Self Realization, which seems to be some kind of ‘attaining’ or ‘evolving’ of the body-mind-identity-me ... but it is actually the death of it, since it was

always an illusory entity used by the ONE SELF to experience IT SELF.

When this' remembrance occurs ... this return HOME, Awareness that YOU 'are' the ONE SELF is Present in an unbroken stream – EVEN IF ... the body remains 'in' the dream. IF that is the case, your single Purpose ... 'in some way' is Service to this remembrance for ALL aspects of the ONE SELF [so-called 'others'] that still remain sleeping.

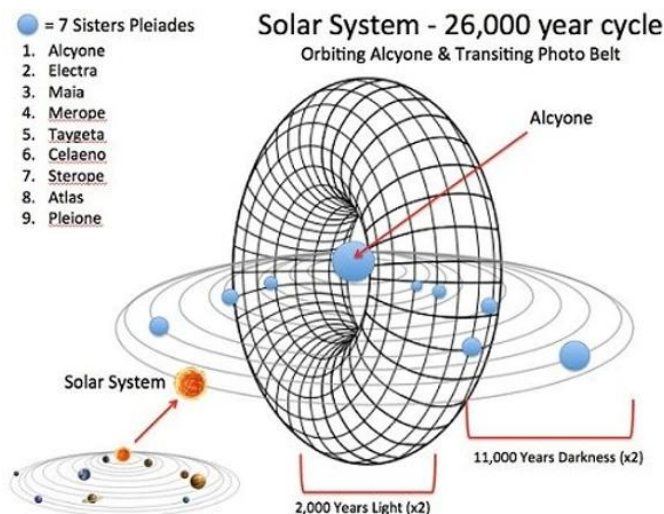

There are windows [within cycles] where the dream opens wider, and this remembrance becomes what may be called 'easier' to attain. Such a window is now open [opening] and this little 'Handbook' is dedicated to explaining as simply and briefly as possible HOW the dream 'was', is 'now' and 'will be' playing out to hopefully facilitate a less rocky-ride for those who choose to take advantage of the window's benefits.

**NOTE:** There will be an ocean of narratives written and spoken about the high-drama now occurring as this Great SHIFT into an Era of Peace and Light opens this window. This brief 'Handbook' is only meant to be a tiny 'breeze' that offers a synopsis of what is and will be happening in the magnificent SHIFT now unfolding.

[INDEX](#)

# PREFACE

At this moment the world is acting out ‘high drama’ as it reflects the current phase of a repeating 26,000-year cycle. These cycles are broken into an 11,000-year patriarchal cycle and an 11,000-year matriarchal cycle sandwiched between two 2,000-year neutral cycles that may be referred to as periods of relative balance ... phases that can be called Eras of Peace and Light where the pendulum of the opposites is relatively neutral. Some will experience it as what is called: ‘heaven on earth’.

Original image design source unknown

As the neutral cycles begin to unfold there is a brief ‘high drama’ period where the last cycle collapses. This is earmarked by what the mind sees as destruction, and that ‘is’ true, however what is really happening is the complete elimination of the tail-end dysfunctional aspects of the last cycle ... in this case patriarchal, which has shown up in these last 100+ years as what many know as the Deep State [DS]. Others may call it the cabal, elites, illuminati and other similar names.

Although unrecognized by most, this DS influence has infiltrated absolutely ‘every’ aspect of society that humanity interacts with on a moment-to-moment basis – nothing has been spared its nefarious and insidious influence and as it collapses ‘chaos, conflict and confusion’ ensues. Some know this DS’s agenda by the heading: “ONE WORLD ORDER, where you will own nothing and be happy”.

One of the predominant aspects of the DS ‘game-plan’ is the manipulation of the ‘collective-mind’ of humanity so that ‘all’ would be easier to manage as the majority are systematically led to the slaughter since the DS’s tyrannical plan included the elimination of ‘all but’ 500 million people. This required the least amount of push-back if that horrendous plan was to succeed with absolute capitulation of the unsuspecting masses being a desired requisite.

Nevertheless, the balanced influence of this ‘neutral’ phase of the ‘Precession of the Equinoxes’ as these 26,000 cycles are called, is inevitable and each phase occurs with precise accuracy no matter how much ‘resistance’ the last phase exerts to continue its existence. This is the predetermined SHIFT that is occurring right now through the planet ‘and’ indeed, the entire solar system. A familiar saying that emulates this SHIFT is: “Nothing can stop what is coming”.

Humanity is experiencing this Great SHIFT as a tsunami of ‘changes’ happening at lightning speed as the ‘new’ administration [2025] in the US, swings into action. For many, who have what is called “**cognitive dissonance** - *a state of consciousness where many ‘conflicting mind-sets’ are happening at the same moment*”, the massive changes in the status quo are deemed irrational and even irresponsible with many highly emotional knee-jerk reactions, as is evident

from many around the world at this moment.

Even when significantly improved circumstances longed for, for decades, begin taking place, the uncomfortable ‘known’ is preferred over a hope-filled unknown despite the known’s tyrannical grip. This is known as “**Stockholm Syndrome** - a psychological response where a victim develops positive feelings towards their abuser or captor”. Much of humanity is currently ‘trapped’ in this mindset and this makes it extremely difficult for those who are prisoners of this mental disease, to accept ... indeed, even recognize the most obvious ‘lifestyle’ improvements.

This then is the ‘transitional’ period of the Great SHIFT where mind’s programmed to accept a kind of imprisonment where the bars are far enough away to not easily be

seen, are ‘unwound’ and the shackles of a lifetime of manipulation are neutralized.

This little Handbook will reveal some of the subtle but powerful ways this mental servitude was accomplished and ‘how’ it is now being ‘deactivated’ through the manifestation of another Era of Peace and Light.

# CHAPTER ONE

## THE GLOBAL ALLIANCE

Some years ago Trump, long before his now famous June 16<sup>th</sup>, 2015 escalator ride in Trump Tower, New York, where he announced he would run for President of the United States, was approached by the \*patriot military to head up the global Alliance of China, Russia, India, Saudi Arabia and the US to take down the long standing tyranny of the Deep State [DS].

*\*[By 1992 a task force was put together consisting of over 300 retired and 35 active US military officers who strongly supported constitutional law.]*

Although most would say these countries are at 'odds' with each other in a variety of ways, well behind the scenes, in concert with each other, and orchestrated by the patriot portion of the militaries, meticulous plans were laid that had begun with JFK in the early 60's. It is said that a quantum computer assists in a game of 5D chess that has successfully disrupted the well-oiled worldwide Deep State machine that for decades controlled almost every aspect of the world in secret.

Headed by a cartel of bankers on a platform built around fiat currency [enslavement money that is made up out of thin air], every industry, every government, every educational system, every entertainment concept, every health and pharmaceutical operation, every religion, every transportation service, every construction system, every mass communication system ... everything, 'has' to some extent, been

influenced and/or manipulated by the Deep State for 100+ years.

This evil octopus of deception and tyranny has been highly organized since the formation of the FED in 1913 [a central banking system] with but one final objective – the total enslavement of humanity by 2030 which by then would have been intentionally reduced to 500 million.

The Deep State represents on the dream level [that this world is], the fading influence of the last era, a patriarchal period within the 26,000-year repeating cycle. While their days are inevitably numbered, they are like a trapped animal viciously attacking the emerging New Era as it flowers into full bloom.

The Trump 'global' Alliance is the 'harbinger' of the New Era of Peace and Light [a neutral

phase] where the relative balance it will bring in will seem like 'heaven on earth' – a happy dream ... nevertheless, still as a dream but one in which Awakening to Who one Truly Is becomes much, much easier.

It is not necessary for the Alliance to consciously 'know' that this much deeper ... so-called 'Purpose' underpins this Great SHIFT for it to come about. In most cases the major players in this Alliance will NOT know. It is enough that their hearts are drawn to contribute to this enormous change in the Grand Dream.

Their participation in this Great SHIFT does not make them in some way 'special' [the ONE SELF has no parts that manifest a hierarchy], although many of what will become the well-known characters in this part of the stage play this world is, will be looked on as giant figures and heroes in the

eyes of most of humanity by the time the SHIFT is complete.

Even now, as Trump's picks for key positions are confirmed, a kind of 'dream-team' is emerging and with the highly influential slogan MAGA [Make America Great Again], even in the first days of this new administration – highly disruptive changes are beginning to 'overtly' dismantle the Deep State's infrastructure.

In reality, the Trump Alliance has been conducting massive activities in the take-down of the Deep State since 'before his first term in office. In the 4-year period of Trump's [visible] absence from office, massive actions were tearing away at the DS's infrastructure.

This 'stolen' 2019/20 election, as it has been called, was actually a landslide win for Trump as has been the 2024/25 election. However,

in order to fully 'expose' all the players in the DS and offer an environment where those complicit with the DS's plans would feel confident and complacent enough to reveal themselves, this 'pantomime' of a fake government was orchestrated by the Alliance.

In reality Trump was the 'real' CIC [Commander IN Chief] of the US who had, in the final days of his first term, handed over the government to the patriot military. The fake administration conducted so-called business in front of CGI green screen and fakery in a multitude of ways, including three separate actors wearing very convincing silicon masks playing the fake President.

The Trump Alliance had/has watermarked ballots proving the actual numbers in the stolen election and at some point, this will be 'disclosed' along with evidence of the many global elections stolen through similar

methods used by the Deep State over many decades.

EVERYTHING will be Disclosed!

Now that Trump's third term is firmly in place and most of his key team players have been confirmed, a coordinated, rapid-fire assault is being executed against the DS ... not just in the US but wherever it can be found globally. This is a "Make The World Great Again" agenda. In accomplishing this the New Era of Peace and Light is being birthed.

# CHAPTER TWO

## GLOBAL MIND CONTROL

### **Advertising**

In order for the DS to execute their ONE WORLD ORDER agenda efficiently [which 'was' scheduled to be fully operational by 2030] and with as much concealed preparation as possible, mass control of humanity's mind was a prerequisite.

The advertising industry has always known that 'spaced repetition' of its promotion of products and services would, over time, 'embed' or 'program' their objectives into the minds of those exposed to the promotions. This ensured acceptance 'of' and active participation 'in' the distribution 'of' these products and services ... in other words people would buy what they have to

sell, and they would tell and even encourage others to do the same.

This is equally as effective with programming ideologies, as the DS knew and employed very well ... both through the 'spaced repetition' of the collective 'mind control' operations they executed, as well as through advertising of the many [actually most] products and services they gradually took over in the last 100+ years. There are three mega corporations that combined, controlled almost every major company of importance on the planet. This 'was' the case until recently since the Trump Alliance's Executive Order confiscating the assets of any entity or person that is/was involved in crimes against humanity [such as election tampering] ... has changed that.

Ad campaigns often begin with a blizzard of similar promotions packed into a short period of time. The most effective ads

included ‘catchy’ slogans and musical jingles that are hard to get out of the mind once they are accepted. Most everyone has experienced the playing of a short catchy jingle playing over and over in their mind. For example: **“I am stuck on Band-Aid, 'cause Band-Aid's stuck on me”**. *“Written by famed entertainer Barry Manilow and starring John Travolta and Terry Garr, the Clio award-winning catchy tune remains one of the most recognized jingles in advertising history.”*

This seemingly ‘harmless’ technique has been effectively used by the DS since the inception of its global organization when the FED was created December 23<sup>rd</sup>, 1913. This central banking financial enslavement system was never a government agency but one owned and until to today operated by the DS. It has been said with likely authenticity, that the Titanic was ‘intentionally’ sunk several months early on April 15, 1912 in order to eliminate three powerful banking figures who opposed the

creation of the FED - John Jacob Astor IV, Benjamin Guggenheim, and Isidor Straus.

## **Education**

The educational system has also been a major player in the DS's 'programming mechanism'. The system has not been about 'learning' ... it's been about 'conforming'. This ensured that the masses would be 'predictable' so that the nefarious plans the DS had would have a 'likely' outcome. If they could get the mass of humanity to 'conform' to the various aspects of its long-term agenda, then a reduction in the less manageable kinetic or 'forceful' methods could be achieved.

This can be observed by how the so-called 'freethinker' [rogue or black sheep] has always been set apart as 'different' and even maligned for 'not fitting in'. The artists, the inventors and the visionaries [who knowingly or not were following their heart's

song], have always been persecuted until and unless, despite all odds, they somehow achieved some life changing success that benefited the masses, at which time they became the ‘heroes’ of the day.

These anomalies, however, were easy to manage as odd balls within a system who failed to cherish ‘same-ness’ like school uniforms and stair step learning achievements that celebrated those that followed the herd, were isolated as ‘strange’ or ‘weird’ and to be avoided at all costs.

One early Executive Order of the Trump 2025 administration has been the elimination of the federal education department thereby allowing the individual states to determine how education will work in their regions. This is a first step in destroying the unified ‘control’ of a single educational method.

Ultimately life-skills training will replace many 'learned facts rote' that are often forgotten the moment exams are finished. Ways and means to simply navigate life experiences will dominate and eventually lead to fostering the 'intuitive' faculty with its vastly superior ability to provide in-the-moment' accurate guidance.

More recently, one of the DS's most 'overt' attempts to micro-manage and degenerate the 'herd' into what would foster the easy handling of emotional radicals, was through concepts like 'woke-ism' and 'transgender' ideologies. This too has also been crushed by early Trump Executive Orders.

The natural state of the ONE SELF even when one is fully immersed in the belief in an individual 'me', is toward 'purity', a natural flow that resonates with everything beautiful like Nature, music and kindness. The DS's mind controlling agenda included

the total destruction of such inclinations which again, would make humanity easy to control.

## **Entertainment**

Perhaps one of the most effective tools at the DS's disposal has been the entertainment industry, since advertising through its attempt to 'persuade' and 'education' through its imposed curriculum and 'have-to' attendance has, to a certain extent, a slight amount of push-back resistance by the mind.

Entertainment, however, is universally embraced since it is meant as the name implies to ... 'entertain'. It 'distracts' the mind from things it does not want to look at, it stimulates through a variety of suggestions such as action, sex and glamor and perhaps above all, it is an 'escape' from a life which many feel is often mundane at the least, if not often challenging and cruel.

This made entertainment one of the most useful instruments in the DS's objective to program and control humanity. Concepts that aligned with fostering the herd mentality, compliance, self centered indulgences, fulfilment of appetites as well as free and glamorous lifestyles and much more, could easily be 'scripted' into plays, books, music, toys, games of every kind and movies, in the most insidious and clandestine ways. This created predictable 'buttons' that could be pushed at the exact moment to incite individual and/or mass reactions that served the DS's agenda.

For example, the lynch-mob mentality of mass protests that turn into riots is a powerful tool the DS has used again and again to achieve their interim objectives. Most recently and in an unabashed 'in-your-face' admission of what they were doing, advertisements have appeared for 'crisis actors' who would 'appear' to be real victims in 'made-up' scenarios of violence where

fingers could be pointed at those entities the DS wanted to control or defame.

A recent high-profile incident is the fake attack by Trump supporters on January 6<sup>th</sup>, 2020. The brief video [which has recently resurfaced - that was suppressed], showed Trump telling everyone to go home peacefully – ‘before’ the incident occurred’ ... was a DS created ‘crisis actor’ event. In the days and weeks and months to follow January 20<sup>th</sup>, 2025, as the Trump Alliance ‘steam-rolls’ through the litany of lies, corruption and deception of the DS, this and a plethora of other DS ‘orchestrated’ events will be [and is already being] exposed and eliminated.

Feelings of frustration could be vented through violence, revenge and retribution thrillers and interactive games, which served to mentally justify such behavior. Again, these programmed concepts would be easily

transformed into 'actual' behaviours when the moment arrived to control large groups of people. For example, the concept of war is NOT natural but the DS's agenda encouraged this concept in order to take control of one country after another.

This of course is not 'new' since leaders throughout history have used these methods to coral the masses into a war machine. The DS simply 'mastered' the art of these manipulation systems into a single global enterprise during these last 100+ years.

## **Mass Communication**

Mainstream media [MSM] has also been a key component in its arsenal of mind controlling systems. Again, never before in its history has the didactic rant of puppet-broadcasters spouting the 'exact same' messages oriented around the DS's 2030 agenda been more obvious. The pale-faced

bravado of the MSM to slant all prefabricated narratives toward this objective illustrated how confident the DS was after the fake administration ‘seemed’ to take control in 2020.

Since the advent of mass communication through telegraph, radio, telephone, television then Internet and cell phones [where algorithms steer attention toward preferences that are laden with DS suggestions] ... the ability to reach millions of people with repetitive messages has become a phenomenon ... a major instrument in the hands of the DS. Spreading the poison of the dying and dysfunctional patriarchy’s last gasp through the DS agenda, had never been so easy as through mass communication.

The global public was steadily programmed to accept and embrace the entertainment aspects of mass communication systems when ‘all day newscasting’ became a normal

adjunct. The news 'became' a new kind of entertainment and was just as easily accepted as countless millions swallowed the lies and deception the DS provided for decades. The deep programming of the masses was on full throttle from then on.

By the time the 2020 fake administration was ensconced in its green screen White House, the MSM puppet show shoveled the DS agenda at high speed into the collective mind, already 'prepared' to accept anything it was fed. Embracing 'woke' and 'transgender' sludge, casually accepting millions of illegal and often very dangerous aliens into the country, endorsing the money laundering scams such as funding the Ukraine while watching the streets and sidewalks fill with the homeless across the country ... soon became the norm.

The Trump Alliance knew, long before Trump was considered for President, that the world

would need to 'see' and 'experience' for themselves how nefarious the DS agenda was [whether they knew such an entity existed or not ... someone was behind it]. 'Telling' them would NOT work ... they had to experience the depths of depravity and enslavement they would sink into at the hands of these perpetrators.

This was part of what was behind what was actually going on behind the scenes when the stolen election was 'allowed' to happen. The Trump Alliance has unequivocal proof of this election interference by many parts of the Deep State worldwide but withheld this and allowed the fake administration to 'seem' to control the country so that [in part] the country and indeed the world would see just how chaotic it would become with the DS in control.

Perhaps more than any aspect of the 2030 DS agenda was the fully orchestrated 'Plan-

demic' that has thus far murdered unknown millions across the planet. [more on that later].

[INDEX](#)

# CHAPTER THREE

## THE DARK AGENDA

With mind control well in place across the planet, the job of eliminating most of the world's population was at hand. Much of this had already begun in tandem with mind control through the food industry with toxic additives having been used to poison millions of people around the world. This added hundreds of billions of dollars in profits to the medical and pharmaceutical industries over the decades and brought immeasurable suffering to the lives of most of the world's population through chronic diseases, while reducing the quality of life and indeed life expectancies.

Chemtrails in the atmosphere, fluoride in the water supply, toothpaste and other products, toxic chemicals used in agriculture,

toxic fibres used in clothing, toxic side effects of drugs used as bandages on illnesses rather than as a cure and later even toxic ingredients in health foods ... poison was everywhere.

Manufactured wars has been an ongoing mass murder weapon in the Deep State's global genocide agenda. Through its various agencies it would stir up discontent in a country, create civil wars and invasions into other countries, then lend the country money for armaments, which enslaved the country to them after the war's end, and then go on to make vast fortunes rebuilding infrastructures in the war-torn countries after millions of people had been extinguished in the never ending conflicts.

All of this was 'planned' and part of the 2030 ONE WORLD ORDER agenda.

The most insidious of all the plans perpetrated by the Deep State which added trillions of dollars to its coffers and eliminate all but 500 million people from the planet was vaccines. The Spanish flu killed 50 million people [mostly through pneumonia infections caused by the enforced wearing of masks, as well as through toxic vaccines – not from the flu itself] between 1918 and 1920 and was a DS precursor to the much more ambitious ‘scam-demic’ that began in 2019.

Covid 19 [a mild flu] was created by the DS and fanned into a global pandemic scam by the various health agencies and the MSM [mainstream media] – both puppets of the DS who parroted fear mongering through carefully scripted dialogues designed to convince the world population that it must social distance, wear masks, keep to small gatherings, shut down small businesses and ultimately to take their bio-weaponized mass murder weapon - vaccines.

The handful of medical authorities that actually knew what was really going on and defied the massive global propaganda machine, were silenced through loss of licences, loss of jobs, and for the more persistent – outright murder.

Well known and benign cures like Ivermectin and hydroxychloroquine, which had a long and successful history with illnesses such as Covid 19, were banned.

Patients who were admitted to hospitals with virtually ‘anything’ that led to death were illegally listed as Covid deaths to artificially pump up the numbers, and for those who actually had Covid, ventilators combined with the drug remdesivir guaranteed the death of the patient in short order.

Doctors and nurses [many bribed, blackmailed, compromised and/or coerced through the possibility of losing their jobs], watched in silence and participated in this global mass murder campaign. Some doctors who were knowingly complicit took huge payments for each patient that received the full vaccine schedule and even more if they died.

It is estimated that 5.5 billion people around the world received the Covid vaccine and now, a few years later the death toll numbers have escalated into at least the tens of millions [some estimated much higher] with billions suffering permanent injury in a laundry list of permanent diseases. Many of these illnesses will ultimately [sooner rather than later] lead to death unless counteracted upon by protocols that are now available.

The Trump Alliance knew what was coming before the end of Trump's first term and through Trump's 'warp speed' campaign pushed a vaccine [which was apparently comprised of Ivermectin, hydroxychloroquine and azithromycin (a well-known respiratory antibiotic)].

Trump himself announced at a press conference that he had taken Ivermectin for the Covid he 'supposedly' had, and which he said had worked in a couple of days.

This warp speed campaign was a counter-tactic designed to force the DS to roll out its malicious vaccine schedule ahead of schedule thereby making it vulnerable to many errors. Although there has been massive loss of life, had this not been done billions would have died. And those who did not comply with the vax mandate would have been incarcerated in Fema

concentration camps where ultimately, they too would have perished.

At this point the entire Covid/vaccine scam has been exposed to much of the world through empirical evidence provided by in depth research done by thousands of high profile medical and scientific authorities globally, while the Trump Alliance is investigating [what they already know is the DS] all who were responsible.

When Trump first came to power it was common to hear: “Its about the children’. The full weight of what this means will shock the world who, in most cases are totally unaware of the evil that lies within this statement.

Beneath the planet’s surface are tunnels, many very, very deep. Some report that there were as much as 35,000 miles of these

tunnels, some running under oceans and connecting continents. While some were designed to house Deep State elites after the planned nuclear war the DS originally planned [but Trump's first win stopped], much of these hidden chambers housed millions of children who had been abducted over the years.

These children were used for all manner of horrible activities. Sex was a key factor with clandestine honeypot traps used to entrap figures in key positions throughout the world via hidden video devices. Adrenochrome harvesting was also a major enterprise which employed unspeakable ways and means to extract this highly profitable longevity drug.

Still, beyond that were far worse abuses that instilled the intense resolve and dedication the Trump Alliance has, as they root out and destroy the Deep State from the planet.

Soon, with the full disclosure of ‘all’ DS activities and their tyrannical ONE WORLD ORDER agenda, the world will ‘know’ the depth of depravity and darkness that the DS represents.

**NOTE:** The ‘Mind Control’ spoken of early that was a key aspect of the Deep State’s long term 2030 agenda for a ONE WORLD ORDER, has been ‘very’ effective in bringing about an obedient population. This subservience is multi-layered depending on the depth of ‘programming’ success the DS’s various methods achieved.

Some are heavily ‘sedated’ in what was referred to earlier as Cognitive Dissonance and are therefore very easy to keep in line. In fact, most of those are so engrained in the ‘beliefs’ that have been embedded in their minds that they have become ‘ambassadors’ of the DS without knowing it. For example, when the scam-demic/vax agenda was in full

swing those who had fallen under this 'deep-dark-spell' would be the first to castigate someone who had not taken the vax(s) or were not wearing a mask ... so much so that even cherished family ties were torn apart.

What this means for the Trump Alliance's takedown of the DS is the necessity of slowly 'unwinding' the bag-of-worms that the DS has created through their mind control systems. This has taken a drip-drip process of leaking what many refer to as 'Truth-Bombs'. This process began some years ago and has already reaped great results but is now occurring much more quickly since January 20<sup>th</sup>, 2025.

This has happened mostly through the alternative communication systems that are available through internet media such as Twitter/X, podcasts, video sources like Rumble, various channels on Telegram and a host of what some call Internet warriors or

patriots. Soon however, as the Alliance 'transforms' the MSM [mainstream media] into a genuine source of 'real' information, this communication system will also serve as an effective 'de-programming' source.

As this 'mass' mind control dissolves, the 'awakening' into WHAT'S REALLY HAPPENING will expand exponentially.

[INDEX](#)

# CHAPTER FOUR

## NESARA/GESARA

The **“National Economic Security and Reformation Act”** [National becomes global with Gesara], is a 75-page document passed by Congress in 1999 to initiate a reformation and decimation of the many tentacles the Deep State had in place to totally control the world.

This was to come into effect on September 11<sup>th</sup>, 2001, and ‘would have’ effectively begun the Deep State ‘purge’ that the Trump Alliance is now executing at lightning speed. Everyone knows what happened on 9/11, but most do not know WHY it actually happened [as indicated above] nor HOW it actually happened. This will come out in meticulous detail as the ‘full disclosure’ and

‘exposure’ of the DS agenda is given to the world in the coming months and years.

Below is a bullet-point summary of the content of Nesara/Gesara that, in some cases, can already be seen unfolding ***[these are marked with a \*]***. It is highly unlikely that the term Nesara/Gesara will be used in regard to this roll out of the New Era now happening, however the details of it with its many appendages will be obvious as the Trump Alliance takes down the Deep State corruption, lies, nefarious agenda and global players [from top to bottom] and initiates a Golden Age.

Some of these bullet points may be revised as the Nesara/Gesara rollout continues, in part or in their entirety, but the main purpose of this ‘reformation’ WILL be accomplished.

## CONTENT SUMMARY OF NESARA/GESARA

NESARA is the most groundbreaking reformation to sweep not only this country but our planet in its entire history. The act does away with the **\*Federal Reserve Bank**, the **\*IRS**, the shadow government, and much more. NESARA implements the following changes:

1. **\*Zeros out** all credit card, mortgage, and other bank debt due to illegal banking and government activities. This is the Federal Reserve's worst nightmare, a "jubilee" or a forgiveness of debt.
2. **\*Abolishes** the income tax
3. **\*Abolishes** the IRS. Employees of the IRS will be transferred into the US Treasury national sales tax area.
4. Creates a 14% flat rate non-essential 'new items only' sales tax revenue for the government. In other words, food and

medicine will not be taxed; nor will used items such as old homes.

5. Increases benefits to senior citizens

6. Returns Constitutional Law to all courts and legal matters.

7. Reinstates the original Title of Nobility amendment. Hundreds of thousands of Americans under the control of foreign powers will lose their citizenship, be deported to other countries, and barred from re-entry for the remainder of their life. And millions of people will soon discover their college degrees are now worthless paper.

8. Establishes new Presidential and Congressional elections within 120 days after NESARA's announcement. The intern government will cancel all "National Emergencies" and return us back to constitutional law.

9. Monitors elections and prevents illegal election activities of special interest groups.

10. **\*Creates** a new U.S. Treasury, 'rainbow currency,' backed by gold, silver, and platinum precious metals, ending the bankruptcy of the United States initiated by Franklin Roosevelt in 1933.

11. Forbids the sale of American birth certificate records as chattel property bonds by the US Department of Transportation.

12. **\*Initiates** new U.S. Treasury Bank System in alignment with Constitutional Law

13. **\*Eliminates** the Federal Reserve System. During the transition period the Federal Reserve will be allowed to operate side by side of the U.S. treasury for one year in order to remove all Federal Reserve notes from the money supply.

14. Restores financial privacy

15. Retrains all judges and attorneys in Constitutional Law

16. **\*Ceases** all aggressive, U.S. government military actions worldwide
17. **\*Establishes** peace throughout the world
18. **\*Releases** enormous sums of money for humanitarian purposes
19. **\*Enables** the release of over 6,000 patents of suppressed technologies that are being withheld from the public under the guise of national security, including free energy devices, antigravity, and sonic healing machines.

While some of this may seem fantastic, consider the incredible changes [all oriented to these 19 points] that took place in the first 30 days of Trump's inauguration January 20<sup>th</sup>, 2025. Nesara/Gesara 'is' real and 'is' taking shape at this moment and what you see here is a simplified version of 'much' of the Trump Alliances agenda.

Regarding point #18 – “Releases enormous sums of money for humanitarian purposes”, a GCR/RV – Global Currency Reset/Currency Revaluation is about to occur as part of the shift to the new banking system, which is called the QFS – Quantum Financial System.

Massive ‘humanitarian’ funds will soon be released globally to help ‘rebuild’ the world and ‘make it great again’. There are millions of people around the world who have foreseen this GCR/RV event coming and are prepared to participate in it with what will be a major redistribution of wealth ensuing.

It is important to note that the foundation of ‘any’ enterprise, no matter whether it is nefarious or beneficial to humanity ... ‘is’ the financial system. Remember, the well known phrase: *“The ‘love’ of money is the root of all evil”* ... does not mean money is the root of all evil. This is a tiny but enormous difference.

Money, in and of itself is neutral no different than a barter system of trading fish for potatoes or any other trade. It has been a simple way of conducting commerce without the need to carry some precious metals around with you such as was the case in the long past when gold or silver were common forms of payment.

Much trade will soon take place digitally for even greater simplicity. This does 'not' make 'crypto' somehow evil, it is the intention behind it that determines its worth including its intrinsic nature. In the New Era of Peace and Light now unfolding the tendency or influence the Grand Dream will and is exerting, will be toward a neutral or balanced approach to all interactions and activities.

Nesara/Gesara and all the many components of it is simply a template for that emerging balance. [INDEX](#)

# CHAPTER FIVE

## THE GOLDEN AGE

As has been stated before, the New Era that is now expanding across the planet [and solar system] leans toward a balance of the opposites that naturally emanates from the belief in 'separation'. For manifestation to occur there must be a 'from here – to there' phenomena, which suggests that something called 'time and space' exists. In Reality ... they do NOT exist, however in order for the ONE SELF You Really Are to fully experience the infinite 'potential' that exists within Empty-Nothing-ness ... YOU need a stage [illusion or dream] with which, and in which YOU can do so.

This brings about the illusion of up/down, dark/light, day/night, male/female and an infinity of other so-called opposites. Without

these contrasts there would be no world-universe 'illusion' or 'dream'. This is why in deep sleep it ALL disappears, and then, on so-called 'awakening' – reappears ... entirely made up' out of 'memory and thought' ... the dream literally just 'shows up' again.

In the flow of the cyclic motion of the universe [actually cycles (wheels) within cycles], the pendulum swings from one opposite to the other and when it reaches what may be compared to 30 on a clock [a mid point], we have a 'relative balance' and the chaos, conflict and confusion that normally exists when opposites 'swing' between each other, becomes 'relatively balanced' – or calm. This is 'not' Real Peace since opposites do not exist in ONE or the ONE SELF, but as close as it can come to Peace within the Grand Dream.

That is what an Era of Peace and Light can be compared to. Another name for it is a Golden Age.

# CHAPTER SIX

## HEAD TO HEART

As this 'Golden Age' expands around the world, many opportunities to exponentially expand one's Awareness of Truth will exist. This occurs because a level playing field, where the basic needs of food, clothing and shelter are taken care of [an inevitable outcome of what is currently unfolding in the SHIFT in the US and eventually – the planet]. This allows one to 'follow their Joy' ... their Heart's desire - without compromising just to subsist. Not all will take advantage of this unique opportunity but for those who do – life will be experienced entirely different since Joy is another name for Who We Really Are.

You will have noticed that when you were so-called 'lost' in something that was joyful such as gardening or a beautiful piece of music or just sitting quietly without thought [call it meditation if you prefer] ... all sense of time and space disappeared. It could be many minutes or even hours later [so-called], when you returned to what most call 'normal or real'. In fact, what IS Real, is' this timeless-spaceless state.

In this state-less-state the 'INTUITIVE' faculty functions perfectly. The intuition is what may be called the 'telephone line to Truth'. It presents Truth 'full-blown' and precisely as IT Really Is devoid of the linear and didactic step-by-step flow of mind-knowledge, which is always flawed since it flows 'from' the archive of mind-acquired knowledge or what Ramana calls "learned ignorance". Mozart was said to 'receive' a concerto 'in totality' and 'in a flash' and then take whatever time

it took to write down the notes ‘without a change’ as if through dictation. This is a normal aspect of the intuition, and everyone has experienced it to some degree.

The intuitive faculty, however, has not been promoted as a reliable source of informed and abundant living since the mind would be ‘displaced’ by it very quickly if it was. That would lead to the end of the false self that most people call ‘me’. With the false self, everything experienced is filtered through its conditioning [attachments, expectation and identifications] and this manifests nothing but illusions [dreams]. Ultimately, these experiences lead to a deep frustration through the endless roller coaster ride of happiness and sorrow they produce. Ultimately, each one falls to their knees in surrender, turns within and finds Peace – the Peace [another name for the ONE SELF] They Really are.

In the New Era of Peace and Light now unfolding through this Great SHIFT, the INTUITIVE faculty will gain more and more attention, and this will greatly expand the Joy of living to levels never before known by most. Issues of any kind that have required much thought, often combined with confusion, anxiety and self-doubt ... will become 'instantly' shown full blown without the need for analysis or the many inner-arguments most people have when trying to 'figure-life-out'.

This is the KNOWING that transcends beliefs or faith and is the natural 'all-the-time' timeless state of the ONE SELF You Really Are. It is filled with Peace and Joy and will bring those who encourage its expansion a life far beyond their most hoped-for dreams. But HOW to encourage it? Simple! As with everything in the world-dream the 'formula' for manifesting anything [things or

circumstances – great or small] ... is this:

An **INTENTION** focused upon through a steady

**ATTENTION** and combined with a genuine  
**PASSION**

... results in **MANIFESTATION**.

All so-called successful people ‘know’ this formula. It does NOT ensure happiness, but it definitely ensures the outcomes focused upon.

To expand the aperture of the natural INTUITIVE faculty you have – simply place regular and focused ATTENTION ‘on’ it with a genuine PASSION for to it ‘to’ expand ... and it will. As this occurs more and more you will quickly notice that you begin using the mind less and less for so-called problem

solving and figuring out life, while more and more 'relying' on the answers [guidance] to just SHOW UP. The 'feeling' is enormously freeing in every aspect of living and the heavy load of relying on acquired knowledge combined with one's mental ability to solve life's challenges will soon fall away. This SHIFT from HEAD to HEART is a major component of the New Era of Peace and Light now quickly unfolding.

# EPILOGUE

You have been sitting in a great theater watching [and indeed participating in] an endless parade of narratives. Many of these were mundane and spoke of daily routines that seemed mostly of little interest. Others had some 'spikes' that grabbed your interest for a moment like a vacation, a new car an annual celebration like Christmas or New Years, while still others held your attention relatively fixed for years in clock time such as marriages and families, careers and religious pursuits.

Then, occasionally a massive attention getting story would erupt on the stage of dreams that captivated your undivided attention ... such as a 9/11, a world war or a life-threatening illness. However, the Great SHIFT now occurring across the planet is like no other story anyone in a body-avatar at this moment has ever experienced.

This story contains plot twists like no other with surprises and shocks that are riveting the attention of the entire world of dreamers to the play unfolding on the stage of dreams. What felt so-called 'normal' has vanished as around every corner the story jerks the mind sideways like a ragdoll. Since Trump began his first run for President nothing has been the same and no matter how you view this blockbuster story, it has, is and will be changing the global dream completely as the old, seemingly entrenched narrative crumbles.

The influence of this emerging 'neutral' era is inevitable and wherever the friction that a world built on the belief in separation with its limitless play of opposites exists, a balancing effect will turn the conflict, chaos and confusion that emanate from the two major eras [patriarchal and matriarchal], into a relative calm that will feel like peace on earth.

The mind will want to 'interpret' the tsunami of high drama story-changing events. Its nature is to 'figure things out' and as this 'collapse-rebuild' phase plays out in the Great SHIFT narrative, a host of explanations will show up in news and podcasts, articles and documentaries, books and movies as well as the casual gossipy chit-chat in bars and coffee shops.

None of this really matters any more than any of the plays that have occurred on the stage of dreams ... since they are ALL illusions with but one Purpose: to 'trigger' the attention of the sleeping SELF to Awaken to ITs Real Being'. This is the great blessing that is bathing the planet at this moment and for those who 'allow' themselves to be guided by the rapidly expanding Light and Love that underpins this enormous saga, the possibility of complete Freedom [the full remembrance of Who You Really Are] exists.
